

# PROJECT WILDBIRD®

Food and Feeder Preferences of Wild Birds in the United States and Canada

## Appendix

Dr. David J. Horn, Principal Investigator  
Department of Biology, Millikin University

A Research Project Supported by the Wild Bird Feeding Industry Research Foundation

## **ACKNOWLEDGMENTS**

Funding for this study was provided by the WBFI (Wild Bird Feeding Industry) and its member companies, grants from Kaytee Avian Foundation and National Sunflower Association, as well as individuals who financially supported the WBFI Research Foundation through cash and in-kind contributions throughout the study. We gratefully acknowledge the hundreds of dedicated wild bird feeding enthusiasts throughout the United States and Canada who participated in the study. Without this unique combination of resources and talent, PROJECT WILDBIRD® would not have become a reality.

### **FOR ADDITIONAL INFORMATION ABOUT PROJECT WILDBIRD® CONTACT:**

Principal Investigator, PROJECT WILDBIRD®: Dr. David J. Horn, Department of  
Biology, Millikin University, 1184 W. Main St., Decatur, IL 62522, Phone: 217-424-6392,  
e-mail: dhorn@millikin.edu

Executive Director, WBFI: Ms. Susan M. Hays, 1305 N. Tahoe Trail, Sioux Falls, SD  
57110, Phone: 888-839-1237, e-mail: shays@wbfi.org

**MEANS AND STANDARD ERRORS OF THE NUMBER OF BIRD VISITS PER 45-MINUTE  
OBSERVATION SESSION FOR 17 BIRD SPECIES AT 10 FOOD AND 4 REGION  
COMBINATIONS**

\*Upper and lower confidence intervals can be calculated by multiplying the SE by 1.96 and adding or subtracting the total from the mean.

**American Goldfinch**
