*Klamath Music Festival Returns in 2026 with Watershed Row Partnership*

*Local nonprofits Klamath Music and Watershed Row have announced plans to partner for the 2026 Klamath Music Festival, scheduled for July 24–25, 2026. The annual event, a fixture of the region’s cultural calendar, features local, regional, and national performers while highlighting the Klamath Basin’s growing reputation as a music hub in the Pacific Northwest.*

*Festival organizers expect to release full lineup details in February 2026. In the meantime, community members are encouraged to visit [KlamathMusic.com](http://KlamathMusic.com) for festival FAQs and updates.*

*Klamath Music offers year-round programming designed to strengthen community life through music, including *Under Klamath Skies*, a collaboration series blending live music, visual art, and history, and *The Klamath Stage*, a multi-venue showcase of regional talent.*

*Watershed Row, nearing completion in downtown Klamath Falls, is a nonprofit development project designed as a gathering place for recreation, shopping, and community events. The half-block facility will include a climbing gym, bakery and garden, event venue, and small food and retail businesses.*
