Treasure Valley Women in Tech Winter Networking Event

Room 110 in the Ruch Engineering Building at Boise State University

1375 W University Dr

Boise, ID 83706

06:15 PM - 08:00 PM MST

Brittany Giudici, 4156992523

brittanygiudici@gmail.com

Join Treasure Valley Women in Tech for our highly anticipated winter networking event! This is an excellent opportunity to connect with talented women from a wide range of tech roles and industries, including local students and professionals from global companies like Microsoft, Amazon, HP, Micron, Intuit, and thriving, local tech-focused startups.

The main programming of the evening will be an in-person panel discussion focused on leadership in this rapidly changing technology environment. Whether you're a student, a seasoned professional, or exploring opportunities in tech, this event offers a welcoming environment to network, learn, and grow.

Location: Room 110 in the Ruch Engineering Building at Boise State University

Don't miss this chance to build connections, gain valuable knowledge, and be inspired by the incredible women shaping the future of technology here in the Treasure Valley.

STEM Fair - Timberline High School

Timberline High School

701 E Boise Ave

Boise, ID 83702

08:00 AM - 03:00 PM MST

Jenni Kimball,

jenni.kimball@boiseschools.org

Hello!

My name is Jenni Kimball and I am the College & Career Counselor at Timberline High School in Boise. I am excited to invite you to participate in our 2nd annual STEM Fair on February 18th, 2026!

This event takes place during the school day, from 8:30 am - 3:00 pm. Students attend the Fair with their Science class, which means you can expect to see over 1,000 students in grades 10-12 throughout the day.

My goal is to expose students to the many options they have for programs, colleges, and careers in STEM! Engagement is key. I am asking all participants to bring some sort of activity or interactive display that students can engage with.

If you are interested in participating, please complete this FORM by January 16, 2025.

Please let me know if you have any questions!

Jenni Kimball

College & Career Counselor

The Exit Playbook: Strategies for Startup Growth and Acquisition

Via Zoom

12:00 PM - 01:00 PM MST

The Idaho Technology Council's Spark Series is an educational initiative designed to strengthen Idaho's tech ecosystem through expert-led online sessions. Covering a wide range of topics—including cybersecurity, AI, biotech, investing in innovation, and securing business capital—this series provides valuable insights from industry leaders. Each session features engaging presentations in an open environment that fosters curiosity, collaboration, and practical learning. Whether you're a tech professional, entrepreneur, or investor, the Spark Series offers the knowledge and connections needed to navigate and grow within Idaho's evolving tech landscape.

From early-stage traction to acquisition or IPO, every startup needs a roadmap for success.

This session explores scaling strategies, partnerships, and exit planning, with insights from founders who have successfully navigated high-growth phases and acquisitions.

March 18, 2026

iTECH Summit Tech Powered. Community Led. Idaho Falls
Mountain America Center & Blue Cross Conferene Center
1690 Event Center Dr
Idaho Falls, ID 83402
08:30 AM - 04:00 PM MST

iTECH Summit isn't just another conference.

It's where Idaho's technology ecosystem comes together to build what's next. It's where INL researchers meet entrepreneurial founders, where Fortune 500 leaders connect with startup builders, and where community-driven innovation transforms from concept to commercial reality.

Because when Idaho's tech community collaborates across sectors, everyone wins. The research becomes more practical. The solutions scale faster. The innovations actually serve Idaho's needs. And the future becomes something we're all invested in building together.

iTECH Summit represents the convergence of:

Research & Innovation — From INL's national laboratory capabilities to university partnerships

Enterprise Leadership — Fortune 500 employers and established industry partners

Entrepreneurial Energy — Founders, builders, and next-generation tech leaders

Community Impact — Regional collaboration and workforce development across all 44 Idaho counties

This isn't about watching technology happen elsewhere. It's about positioning Idaho as a technology hub where lab-grade research meets market-ready implementation, where established industry mentors emerging innovators, and where our entire ecosystem grows stronger together.

iTECH Summit 2026

March 18, 2026 | Idaho Falls, Idaho

iTECH Summit is a high-impact, content-driven technology convening that brings together industry leaders, innovators, and decision-makers to explore the technologies shaping Idaho's future.

This one-day summit blends keynote speakers, expert panels, and an innovation expo, creating meaningful connection between ideas, talent, and solutions.

Event Format

March 17 — VIP Fireside Chat & Reception (Invite Only)

Exclusive evening for sponsors, speakers, panelists, and All Access pass holders. Once registered for the 18th, those eligible will be registered for the Fireside Chat.

March 18 — Summit + Innovation Expo (Ticketed)

Full-day summit featuring keynote speakers, expert panels, innovation expo, and networking.

The 2nd annual event in Idaho Falls, iTECH Summit brings together Idaho's complete technology ecosystem for two days of strategic collaboration, innovation showcases, and practical partnerships that move our state's tech sector forward.

Ticketing

Summit Only Pass: \$49 (March 18 only)

All Access Pass: \$79 (Includes VIP Fireside Chat + Summit)

Nonprofit Partner Pass: \$25 (March 18 only)

Early bird pricing: Available through February 2026

Use Promo Code: Save15

VIP Fireside Chat (pre-summit event, March 17 for Sponsors, Speakers, Panelists, their guests, and All Access Pass Ticket Attendees)
